

Using the Arizona Flight Training Workgroup Practice Area File

Instructions for Exporting and Importing to ForeFlight.

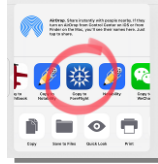

(Garmin will be created when the final points are approved)

1. Go to this link (<http://aftw.org/arizona-practice-areas>) to get the newest AFTW file.
2. Send that file via email to your device.

Apple instructions below

3. Open the email on your device (this file is not supported by ForeFlight on a PC)
 - a. Click on the file.
 - b. Press the share button  in the upper right to share it with ForeFlight.

- c. Press "Copy to ForeFlight".

- d. In the upper left corner of ForeFlight click on the layers button. 

- e. Swipe up to raise the lower portion of the popup menu and select the layer you want to view.

- f. Only one layer can be active at a time.

4. Individual KML file (layers) for each practice as well as one file with all practice areas will be provided once the Beta test is complete.
